### COURSE INFORMATION

#### FSPCA Preventive Controls for Animal Food Lead Instructor Training

- **Prerequisites:**
  1. Successful completion of the FSPCA Preventive Controls for Animal Food Course
  2. Participants must be an approved Animal Food Lead Instructor candidate
- **Course Description:** This 2.5-day course provides the participant the knowledge and tools needed to perform the duties of a Lead Instructor for the standardized training curriculum that FDA considers adequate in meeting the requirements for training of a preventive controls qualified individual under the Hazard Analysis and *Risk-based Preventive Controls for Animal Food* rule.

The course content is focused on strategies to aid in the effective instruction of the food safety activities and documentation that support the creation and implementation of a preventive controls Food Safety Plan. Administrative tasks for issuing Food Safety Preventive Controls Alliance certificates is also covered as well as a refresher on effective presentation for the adult learner.

Upon successful completion of the full, 2.5-day FSPCA Lead Instructor Course for Animal Food, you will be qualified to be a Lead Instructor by the FSPCA. Completing this training allows you to deliver the *FSPCA Preventive Controls for Animal Food* course as a Lead Instructor. You will receive email notification upon completion of the course with instructions on how to download the *Lead Instructor for Animal Food* FSPCA certificate of completion.
